

Marching on Niagara: Or the Soldier Boys of the Old Frontier (Classic Reprint)

Excerpt from *Marching on Niagara: Or the Soldier Boys of the Old Frontier* *Marching On Niagara* is a complete story in itself, but forms the second of several volumes to be known by the general title of *Colonial Series*. In the first volume of this series, entitled *With Washington In The West*, we followed the fortunes of David Morris, the son of a hardy pioneer, who first settled at Wills Creek (now the town of Cumberland, Virginia), and later on established a trading post on one of the tributaries of the Ohio River. This was just previous to the breaking out of war between France and England, and when the French and English settlers in America, especially in those localities where trading with the Indians was profitable, were bitter foes.
