

Marmion: A Tale of Flodden Field (Classic Reprint)

It is hardly to be expected, that an Author, whom the Public have honoured with some degree of applause, should not be again a trespasser on their kindness. Yet the Author of Marmion must be supposed to feel some anxiety concerning its success, since he is sensible that he hazards, by this second intrusion, any reputation which his first Poem may have procured him. The present Story turns upon the private adventures of a fictitious character ;but is called a Tale of Flodden Field, because the Hero's fate is connected with that memorable defeat, and the causes which led to it. The design of the Author was, if possible, to apprise his readers, at the outset, of the date of his Story, and to prepare them for the manners of the Age in which it is laid. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.
