

MAX DALEY, THE LION AND THE WEREWOLVES (PT.1)

At a the height of the werewolf rampage in the southern part of France, there came a prophecy of deliverance that would put an end to that cursed clan. It was believed that a young local girl would give birth to a special child who would strike into the heart of the enemy and restore hope to the people again. The time is now. The girl being warned escaped into the woods heavily pregnant, before the werewolves got to her. She delivered the boy in the woods under the full moon and was rescued by the three enchanted sisters of the woods. The boy was giving a special guardian and this is his story. It is the story of Max Daley, the lion and the werewolves.
