

Michael Durbin: An Olympians Tale

Michael Durbin is a fourteen-year-old American baseball prodigy whose dream is to pitch in the Olympics. After silencing every batter that comes his way, his talent comes into the limelight, and he is selected to play for his country's pride in the Beijing Summer Games. However, Michael finds himself caught in an ongoing feud between his country and two evil twins who search for a scroll capable of accomplishing their revenge plan on the United States. With everything to lose, Michael, with the help of his new friends, must find a way to stop them before it is too late for the United States and the future of the Olympic Games. His fate will change the way the world looks at the Games for years to come.
