

## My Children! My Africa!

Full Length, Drama Characters: 2 male, 1 female Unit set. The great South African playwright confronts the tragedy of apartheid in his native land in this compelling tale about the efforts of a humble and humane black teacher in a segregated township to persuade just one young person that education, not violence, is the answer to South Africa's problems. A document of towering stature. Philadelphia Inquirer The drama vacillates superbly between political parable and personal tragedy. Village Voice
