

Invisible Daughter

Lizzy Shangrow was born in the spring of 1944. Lizzy's life, however, was further compromised or even cursed for being born to a mother who never loved her. In rural Alberta, Canada life in the 1940s was hard, but Lizzy's mother had a plan that included her daughter be officially declared as retarded only so she would be sent off to a provincial school for mental defectives to languish. What happened to Lizzy while at the school would permanently alter and diminish her, but Lizzy would also never give up hope that maybe one day things could change. A story of survival and strength of the human spirit, Lizzy would learn to become a hero to many who were just like her.
