

Myne: New & Selected Poems and Prose 1976-2005

Myne is a survey of Frances Presleys career to date, as well as a new collection of her poems. It begins with two recent cycles: the title sequence inspired by the Somerset landscape, and Stone Settings which retraces the enigmatic patterns of prehistoric stones on Exmoor. Also here are the entire Somerset Letters, and Linocut, both originally published by Oasis Books, plus substantial selections from the authors first two books, The Sex of Art and Hula Hoop.
