

## No Margin for Error

Mike Devon finds himself in the middle of the terrorist organisation responsible for the Paris atrocities. Using the refugee crisis as a cover for their activities, these highly-funded extremists are intent on bringing death and destruction to other cities across Europe. When Devon infiltrates one particular gang - operating in the nightclubs of Budapest - he soon realises they are little more than a pawn in this grand game. Someone is using them for a far more sinister purpose than the drugs and people-trafficking operations with which they are usually associated. As Devon edges closer to the man at the top of the ladder, he cant afford any mistakes. Because now hes in a race against time to prevent the streets of London becoming the next battleground.
