

From Evil With Love (Evil UnLtd Book 2)

The Farce Of The Dark Side. Villains are the new Heroes in this Epic Sci Fi Adventure. Sequels. Every villain wants one, but sinister uber-genius, Dexter Snide, demands one. Evil UnLtd are out to fox the galaxies viewing public with their very own TV broadcasting network, nested in the branches of the star-faring Tree. But the Tree has needs. Needs that spell disaster for Evils plans and one unsuspecting (formerly idyllic) world. The challenge for Dexter and his colleagues in crime will be to ensure that disaster isn't confined to just the one world. A task made tougher when they all die in the first chapter. But even after their deaths, questions remain: Will piscine spy, Salmon Templar, find any weapons of mass destruction? Has the ultra-bureaucratic System finally defeated Evil UnLtd and will they complete all the necessary paperwork in time? And will the hordes of minion hopefuls make it past boot camp to the judges houses? All this and the one big question you're asking yourself: Did the author write a decent sequel? Well, do ya feel lucky? Do ya?
