

One Final Run

JEREMY LUCA has it all. A beautiful wife and loving son, a successful career in his middle brothers upscale real estate brokerage in Miami, and a powerful older brother in Washington, D.C. who was always looking out for his siblings and would always be there to help secure their futures. For Jeremy, though, that was the problem. He wanted to be his own man, and longed for the old days as an Army Ranger when excitement was always just around the corner. Flying over to the Bahamas for his brother PAULS real estate ventures and acquisitions wasnt enough. It was on one of those trips that he entered the world of drug smuggling. This was the adrenalin rush he wanted. The thrill of almost getting caught, outwitting the authorities at customs, and dealing with known cartel assassins. And then there was the money! So much money that he had to open a secret account in Belize to hide it all from his wife until the time was right. Working for the notorious El Gato cartel, the time became perfect when he was entrusted with delivering \$300,000 worth of pure heroin to the Abacos for eventual transport to the southern Caribbean. He laid out a foolproof plan of stealing the drugs, converting them to cash in Belize, and then hiding out on quiet little Green Turtle Cay until the cartel gave up on finding him. He learned the hard way that cartels dont just give up when it comes to a double cross. As when they were young, the older Luca brothers have to bail out Jeremy. Oldest brother JOHNNY, a former underworld figure, knows that nothing good is going to come of this. He has a plan to get Jeremy out of the cartels clutches, but even good plans dont always work out as hoped. Someone will have to pay an ultimate price.
