

The Saginaw Paul Bunyan (Great Lake Books Series)

I was a Western woodsman, states Stevens in his Preface. In the foggy fir forests of the Pacific slope and in the glamorous pine lands of the Cascades I had heard the deeds of the king jack of all loggers recited for nigh on twenty-five years. By the time the down on my chest had grown into a harsh and tawny stubble I myself was fledging into a camp bard. In summer nights by the smudge fire and in winter nights by the bunkhouse heater I revised the tales of older bards, giving them whatever form the inspiration of the moment revealed. In eighteen short stores, Stevens combines the original shanty-camp legends of Paul Bunyan with forest-born inventions from the seeds of old lore. The mighty woodsman emerges as the unequaled hero of American folklore, taming the wilderness and ruling men with incomparable humanity.
