

# I Wont Survive ... Ill Thrive!: How I Overcame Domestic Violence, Cancer, and Much More

Do you want out of an abusive situation or need a new career? Are you facing a terminal illness? You are not alone. Aurea McGarry has been there and she knows that same pain. In her honest and uplifting memoir, McGarry chronicles a lifetime of obstacles that would easily knock others down: a murdered father, an abusive marriage, and an epic battle with cancer. But McGarry found the strength to tackle life's problems through her relationship with God. With powerful prose, she details the events of her life and then unleashes her secrets to success to help you: Surround yourself with energy-giving people. Learn how to forgive those who have hurt you. Leave an abusive relationship. Succeed in your current or future career. McGarry found renewed strength and became a successful entrepreneur, a loving wife, and Mrs. U.S. Beauty of Georgia. Discover how you too can bounce back from life's obstacles and come out on top with faith as your guide. You'll learn not only how to survive your life but how to thrive all the way! You can turn tragic into magic, as my friend Aurea has and shows you how to also. I love her brilliance and wisdom and so will you.
