

The Flamingo Masada

Danny Murphy has just been paroled from prison and his wife wants him to go down to the Florida Everglades and get their neighbors daughter, Teresa, out of a religious cult. She has become a follower of Rev. Rufus Wrights cult, The Flamingo Masada. Teresas parents believe shes been brainwashed by the reverend. She hasnt called home in months and shes turned her property and bank accounts over to the cult. When Murphy goes down to the Everglades to try and bring Teresa home, he finds himself in the middle of a multi-agency federal investigation and al Qaeda terrorists. Murphy and Teresa are forced to flee into the Everglades National Park, running for their very lives from the terrorists and professional mercenaries who must kill them before they reach the police. I spent a lot of time researching the Everglades National Park to write this novel. Ive also been to the Park and lived near it. Join me now in the back-country of the Everglades where Angels sometimes tread! This gripping novel will lead you on a personal journey of faith as well!
