

Picassos Zip Line (Mystery)

Vacationing eye surgeon Sawyer Seely is stuck literally with an extended stay in Hawaii after incurring a horrible accident involving a garbage disposal, a flying salad fork, and his right eye socket. Forced to recuperate in a high-rise condo overlooking Honolulu, he hatches an impossibly bizarre plan, using priceless paintings from the islands art museum to save the local homeless shelter. A friendly insurance broker, a sultry nurse, billionaire Russian gangsters, and a curious detective all help weave the doctors plot into a breath-holding adventure.
