

Pig in a Poke

The action packed adventures of Hush McCormick, the lovable boat bum who just cant stop himself from helping others, continues with Pig In A Poke, the third in the trilogy. One editor calls it a wild ride and another the best Swanson has written to date. The saga follows a star high school athlete who takes everything for granted including the consent of the opposite sex on dates. In a thriller that crosses America to Mexico and Cuba, the reader is drawn to the drama through the eyes of the FBI, NSA and the thugs that threaten Hushs client as well as his own reputation. Says one reader: A plot driven tale that would make Elmore Leonard proud.
