

Poems 1960-2000

Fleur Adcock is one of Britains most accomplished poets. Her poised, ironic poems are tense and tightly controlled as well as shrewdly laconic, and often chilling as she unmasks the deceptions of love or unravels family lives. Disarmingly conversational in style, they are remarkable for their psychological insight and their unsentimental, mischievously casual view of personal relationships. -American Poet ...a joy to look at and to read. --World Literature Today Throughout her writing life, she has made a fine art from holding on to principles of orderliness and good clear sense; but she has made an even finer one from loosening her grip on them. --TLS.
