

## Poems of Reality: At one with Life

The Pebble I am a pebble dropped into the water Spreading my ripples to all those around Each little wave bringing hope to the needy Easing their worries bringing smiles not a frown Spreading and rippling to far distant boundaries Drawing in help with its tidal display And they too will drop pebbles creating more ripples Lending a hand to the needy as they go day to day The lesson from this is to help one another And dont be afraid to spread yourself around And be like the pebble causing all of those ripples As those that are dormant are the ones on the ground I hope my poems were like the pebble and caused ripples of peace and joy in your life as you turned each page.
