

# The Port Dalhousie Stories

A rollicking and rambunctious collection of stories centred around the town of Port Dalhousie near St. Catharines, and dealing with the rousing sensibilities of a teenaged boy and his pals. The Port Dalhousie Stories recalls a time between youth and adulthood when summers are long and free, and the future does not yet loom uncertainly ahead. Masterfully told by Dennis Tourbin, and abetted by John Boyles wicked and witty illustrations.
