

Power Interviews: Job-Winning Tactics from Fortune 500 Recruiters

Two respected leaders in the field of job recruitment reveal foolproof techniques for successful job searching. Concentrates on the most important part of any serious job hunt—the interview. Building on the premise that any question an interviewer asks falls into one of seven basic categories, it develops a systematic approach to interviewing that gives job seekers an advantage found nowhere else. Among the topics covered are: the inside secrets of interviewing in the corporate world; key trends for the 1990s; strategies for “reading your interviewer; what not to do during an interview; and how to negotiate the best possible offer. End-of-chapter self-tests will help you “fine tune your skills and knowledge base for the best power interview possible.
