

# Life More Abundantly and Other Powerful & Empowering Works

Life More Abundantly and other powerful & inspiring works, is a book of poetry, written by Honey Angela Williams, a Christian, African-American woman. Honey began writing poetry in 1997, to express several painful experiences she had over a 2 year period (a collapse of a marriage, toxic dating as a single parent, race issues, the death of her mother, and a corporate downsizing). The title of the book shares the title of the last poem, written to describe Honey's experience with homelessness as a child. This book will reach and empower others in their journey through life to realize that no matter the circumstances, it is possible to have life more abundantly. The poems are relevant to a wide audience of people.
