

Preparations

Welcome to a future where a world catastrophe is imminent. Most Americans have been conditioned to rely on our government for guidance. Still, there are a few who can think for themselves. Its just dangerous to say their thoughts aloud because someone is always watching or listening; waiting to punish those that dont agree with the governments control. This is the story of a few of those who would like to get away from that control and certain death. Thus start a handful of adventures of their lifetimes.
