

## I Hate Zombies Book III: Viva Las Vampires (Volume 3)

VIVA LAS VAMPIRES is an adventure of the most predatory nature. The Nosferatu (Vampires), surrounded by both their zombie and beastly minions, have claimed Sin City as their new territory, and the human race has fallen back to their underground bunkers to regroup trying to solve Lord Jolenaks end game. In the middle of it all, on what he hoped would be a simple quest to find his kidnapped lady friend Darcy, is the one and only Sergeant Akins. Armed to the teeth, as stressed out as ever and hunted by things nightmares would flee from, our would be hero is about to go all in for a game where the odds are definitely NOT in his favor. So lock and load, sharpen those wooden stakes and say a prayer, because this time it goes for the jugular!
