

You Are Your Worst Enemy

Our most common mistakes that are unnoticed or unchallenged can be our greatest enemy. The truth about your life, when not unveiled to you is one of the greatest tragedies you can ever experience. What you do not know has the potential to destroy your wonderful life. The greatest enemy that is dreadful and deadly is the enemy that exists but you have no knowledge of. Anything that impersonates your identity will impersonate your purpose, and as a result, your success, prosperity and happiness are confined. A problem you cant fathom the source of or its origin, you cant rectify.
