

Return of the Revengers: Sam n Me(TM) adventure books (Sam n Me adventure books) (Volume 47)

We thought we were rid of the Revengers for good when the worst one of all, Uncle Timothy, turns up right in front of us in Merlins Cavern. He not only managed to get into our safe haven, he had us paralyzed. He was so big he filled half of Merlins Cavern. His hatred for us was so intense we could feel it like waves on a stormy sea hitting us. Using language nastier than I can tell ya about, he told us the rest of the Revengers were going to be found too. When they were all together again, they would have new powers that we could do nothing against. He was right about the rest of the Revengers being found. In quick succession every one of the remaining 7 Revengers did the same thing Uncle Timothy had done. Each of them entered our cavern, became monstrous in size, paralyzed us, and in the most vile language ya ever heard, told us they were back to get us. When they did get us, theyd make us suffer unimaginable pain fer the rest of our lives. It wasnt long after they disappeared and we got over the shock of being paralyzed, overwhelmed by their huge size, then being lambasted by their foul mouths, that we learned the ancient Egyptian god Apep, was their new gateway to the dark force. Maybe we could have had a fighting chance against them if it had just been Apep, and the Revengers, but we soon discovered there were 3 Jinns that stopped us dead in our tracks every time we had Apep, and the Revengers, within our reach. This was the most terrifying adventure of our lives and I wasnt sure at all we were going to make it out alive.
