

Tabloid

There are many what-ifs in this world of woe, and TABLOID attempts to take most of them in stride. TABLOID is a mixture of truth and fiction, just like those fascinating little magazines adorning the check outs at the local supermarkets. Of course, these magazines should never be taken seriously, but, if after reading them, you tend to check the skies for those mysterious black helicopters, you may be one of those who has already been convinced the truth is always a part of the strangest of fictions.
