

## A River Not Yet Tamed (All the Rivers Run)

Philadelphia Gordon is an artist, a riverboat skipper, a beautiful and independent woman. Orphaned by a shipwreck, Philadelphia grows up on the banks of her beloved Murray River, seemingly destined for a conventional life. But tragedy leads her first to a successful career as a painter, then to marriage to the dashing captain of the paddle-steamer that bears her name. This epic novel, set against the panoramic countryside and winding rivers of Australia, is her story, as powerful and unforgettable as its heroine.
