

## Would I Lie To You?

Lauren Connor doesn't usually tell lies. But when she meets Chris Fallon at a party hosted by her best friend Stella, somewhere between running out of small talk and agreeing to a date, she ends up telling a few inconsequential fibs to make herself seem more likeable. But now Lauren's going to have to deal with the consequences of her fabrications. And if that wasn't enough, she's about to get caught up in the crossfire of her well-intentioned friends and relatives. But could it be that Lauren isn't the only one telling lies . . . ?
