BILLIONAIRE > check - BAD BOY > check TABOO LOVER > check BWWM STEAMY HOT SCANDAL >>> find out for yourself If there ever were a black sheep, William would be one. As a bad boy knight and head of a company, he was supposed to take over, William didn't do a whole lot to improve himself, at least in that regard. However, when he meets Keisha, something changes, and after he shares a passionate moment with her, he figures there might be something more to the woman than he thought. That is, until the tabloids got ahold of him. A picture was taken, and now William and Keisha are both jeopardizing their futures. In a world where both family and friends see race as something major, William must make a choice. Should he stay with Keisha and suffer whatever consequences, or should he just give her up? Will his family see him as something more than a bad boy, or is it too late for him to even improve himself and his image in front of his family? This is a delicious BWWM story full of exotic surprises.
