

Samuel Brohl Company: Translated From the French With a Critical Introduction; A Frontispiece, and Numerous Other Portraits, With Descriptive Notes (Classic Reprint)

Excerpt from Samuel Brohl Company: Translated From the French With a Critical Introduction; A Frontispiece, and Numerous Other Portraits, With Descriptive Notes Professor Saintsbury, writing in 1878, devotes several pages of his essay on Victor Cherbuliez to Meta Holdenis, several to Le Roman dune Honnete Femme, and part of a paragraph to Samuel Brohl et Cie., classing the last with Le Fiance de Mademoiselle St. Maur. These two novels, declared Professor Saintsbury, held a middle place in point of merit, Le Fiance de Mademoiselle St. Maur being a little below M. Cherbuliez's average, Samuel Brohl et Cie. a little above it. And yet it is through Samuel Brohl et Cie. that the charm of Victor Cherbuliez has best survived in appeal to the English-speaking reader. The gods forbid me from the accusation that I claim popularity and survival as demonstrations of the superiority of this book.
