

## Satans Little Sister Chapter 10: Fantasy Golf Safari of 1939

\* Historic Action Adventure Short Story !  
This chapter from my upcoming epic novel features the greatest men and women players from the Golden Age of Golf on a world tour of the most fantastic holes ever imagined! It is an exotic blend of Indiana Jones action and pulp fiction adventure laced with mystery and romance. Chapter 10 Satans Little Sister Alexandria, Egypt Hole 9 The captain of the tramp steamer stood to make a speech, It is my pleasure to announce that you are my hostages. Until I get one million dollars from America, this ship will not dock at any port. The three executives gasped for air as the crewmen bared their automatic weapons. The golfers bristled at the insane mans demand. The Score Keepers quickly calculated the odds for their escape and then they dejectedly sat down to listen. Sir Hage the outspoken maverick chuckled and said, Good luck with that brilliant plan. What are you trying to do, start another war? The tramp steamer dropped anchor near the port of Cairo. The Ochenfeller was immediately boarded by fifty soldiers with rifles. Then the U-boat captain and three lovely lethal ladies in black suits marched onto the deck. They stood before the cringing captain and the pale officers. The rising sun silhouetted the U-boat captain as he asked boldly, Do you have any westerners onboard this ship? He answered the submarine commander, It is just I and my loyal crew. We take no passengers. The Ochenfeller is one of the chancellors freight ships on it way back to the Fatherland. Lexi eyed the female Nazis through the locked porthole as she whispered, Who are they? Robby spoke softly, Three lady spies; a Nazi, a Jew, and a double agent actress. Dixie laughed once before she said, How on earth could you know that, Robby. Are you a spy too? Robby nodded in the direction of the radio man as he whispered, He told the captain a minute ago. I just happened to overhear

their conversation. The main dragon queen in black is Miss Wolf. She's a spy for the German chancellor. The nifty miss with the long raven curls is her Jewish lady friend. And the third lady killer is a famous Hungarian actress. The lady Nazi slyly winked at the loyal radio operator before she spoke with venom, Captain Flinghoffer, we intercepted your ransom message to the United States. The chancellor of Germany demands your head. Profiteering under his regime is forbidden. The U-boat captain barked out an order to his soldiers, Get the Americans off of this ship right now. Escort them in the long boats to the coast. They can walk to Cairo. A flurry of activity swept through the ship after that. The grateful Americans were liberated by the Nazi soldiers. Then they were quickly placed on the longboats and taken ashore. Once they were safely on shore, the Americans heard several gunshots. Thus ends the short criminal career of Captain Fling Offer, Sir Hage spoke in a giddy way after the larcenous captain was presumably executed. Dixie said, I had no idea you could be such a heartless bastard. Hage laughed and said, Lets just say that those gunshots canceled a very large debt of mine. Now I am free to live the rest of my life in leisure.
