

Simple Psychology: Simple Living in a Complicated World

Everyone craves simplicity and balance in their complicated lives. Simple Psychology is a breath of fresh air in a world crowded with a misery of choices and obligations. It's a return to the values you learned a long time ago and know that ultimately matter. Simple Psychology offers spiritual fuel and emotional salve while challenging you to reflect on the choices that you make and how they affect your life and those whom you love. It encourages you to focus on your being versus your having. These are a few of the essays that appear in this book:

- Success is the quality of your journey;
- Can I make a difference? -Positive mental programming;
- Burdens and blessings;
- Gifts of time.
