

To Kill A King (Caroline Rhodes Mysteries)

TO KILL A KING is available in print and ebook format with a NEW COVER. The cover shown here -- a cover showing a playing card -- represents an OLD OUT-OF-PRINT edition. Please look for TO KILL A KING with a cover showing a stethoscope and syringe. That is the NEW up-dated edition of the book. Thank you! This third book in the Rhodes to Murder series takes Caroline back to Ascension Hospital in Nilens, a suburb of Chicago, where she worked before moving to the university town of Rhineburg, Illinois. Readers may think that some of the books funnier scenes in the ER are too wild to be believable, but let me assure you theyre based on actual incidents that I and other ER nurses observed during the course of our work. Think of them as tales from the medical edition of Ripleys Believe It Or Not. :)
