

A Matter Of Fiction: Volume 2 Minus 1

A Matter of Fiction - Volume 2 Minus 1, a comic adventure, tells the story of William Harke, a shy bachelor, who is stuck in the rat race of modern society. After William meets Melinda, an unpredictable woman, and Theodore, an aging hippy scientist, he is shown that adventure isnt all fun and games. Through time, literally, William gets caught up in a conspiracy that only the three of them together can bring to an end with the help of some mysterious clues. As the three get separated, one chasing one clue while another chases another, they find that their lives are somewhat linked together. As one character disappears to here and then, they reappear to there and now. It is not until Teddy gets kidnapped by a mysterious company that things start to get really strange. Who owns this company? What is their big plan? Who are The Disciples? And who is making the next cup of tea?
