

The Horses Mouth

The Horses Mouth, the third and most celebrated volume of Joyce Cary's First Trilogy, is perhaps the finest novel ever written about an artist. Its painter hero, the charming and larcenous Gulley Jimson, has an insatiable genius for creation and a no less remarkable appetite for destruction. Is he a great artist? a has-been? or an exhausted, drunken neer-do-well? He is without doubt a visionary, and as he criss-crosses London in search of money and inspiration the world as seen through his eyes appears with a newly outrageous and terrible beauty.
