

Strange Enchantment (Linford Romance Library)

Ariadne was pleased when her father was invited to go back to Xanos to excavate a temple. It had been ten years since their last visit to the Greek island, which had been her mother's home... But it was not the homecoming Ariadne expected. There was mystery about her mother's death, and about the strange Paulo Gavalas - who owned more than half the island - and his cousin Michael. What connection did the handsome Paulo have with her own and her mother's past?
