

## Selected Notes Upon Shakespeares Comedy of the Tempest (Classic Reprint)

Excerpt from Selected Notes Upon Shakespeares Comedy of the Tempest Having abandoned the critical and philological study of the text of Shakespeare in favour of a more exclusive attention to the Biography of the Poet, and the history of the early English stage, I was perplexed what course to adopt respecting a large quantity of new materials belonging to the former class, which had accumulated by old-book reading since the completion of my large edition of the Works of the Great Dramatist. It seemed a pity to destroy them without examination, and equally so to allow them to remain altogether useless.
