

Swimming Lessons

It's been five years since the original turtle lady, old Miss Lovie Rutledge, passed away, but her legacy lives on with some special women, especially Toy and her daughter, young Little Lovie. Toy Sooner kept her graveside vow to her beloved mentor. She left behind an abusive, dysfunctional lifestyle to become a strong single mother and aquarist at the South Carolina Aquarium. But success has taken its toll, leaving Toy fearful of change and risks. Caretta Rutledge, Florence Prescott and Emmaline Baker have all experienced loss. This summer, with each others friendship and support, they will try to make their dreams a reality. The turtle season begins the day Toy rescues a sick sea turtle on the beach. When Toy brings the loggerhead to the aquarium, she begins a turtle hospital with the help of her boss, Ethan. As the summer progresses and the sea turtles take their measured steps toward healing and freedom Toy, Cara, Flo and Emmi must find their own strength to face their fears and move courageously toward their futures. Mary Alice Monroe delivers another deeply satisfying novel written with an eye to nature and keen insights into the connections between women.
