

## Poetry in Motion or Speedbumps of Life

There are those unique individuals who can view life -- all of its triumphs, tragedies, people, places and events -- and put those observations in a written form that moves or inspires us. Andrew J. Eaton has encapsulated life's ups and downs and, from his soulpeak, created a poetic and beautiful rendering in *Poetry in Motion or Speedbumps of Life*. This anthology of poetry explores the territories of the human psyche -- love, loss, joy, grief and forgiveness. Gleaning inspiration from his own personal life lessons, Eaton gets to the core of human emotion -- how pain can be a path toward healing, how losing love can inspire one to love him or herself, how music, works of art, films and everyday happenings can inspire us to take a leap of faith, and how the humanness in others can make us realize how we are all the same -- we want to be loved, listened to, and feel a connection to the world. *Poetry in Motion or Speedbumps of Life* is a collection of work to be savored slowly, with reflection and a calm and open spirit. After reading, you may just realize your own dreams are truly possible. Author Bio Andy Eaton is a poet and writer and works residential real estate. Mr. Eaton has written a second collection of poems and is currently working on a novel. He lives in Michigan.
