

Telegram from the Palace (Starborn Paperbacks)

A story set against a hundred years of bloody history, from the Whitechapel Ripper murders, through the sinking of the Lusitania to the Mountbatten assassination. The ruthlessness of the IRA, the extreme violence used to combat it, and corruption in high places are further ingredients in a tangled web of intrigue... Lucy is dead, murdered within days of her hundredth birthday, as she had predicted to her priest. Now her killers are after her only living relative, her grandson Morgan John, who escapes to the one place where he will leave no tracks: the sea. With him aboard his ketch is journalist Deidre Gallagher, who owes John her life...
