

Twenty-Past Three

This is a little book of forgiveness. This is a little book of hope. When it comes to life we hurt, we feel pain, depending on our experiences, some more than others, some less. Then childhood trauma has particular consequences all its own. This is my story. Rather, this was my story. I didnt want it to become my lifetime. This is a little book for all of us that are united in a silence of shame, for when one of us finds our voice then we can all sing. This is a little book of forgiveness. This is a little book of hope.
