

## Temblor (Biblioteca Breve) (Spanish Edition)

Temblor surgió de un tembloroso interrogante de la autora: ¿Que pasaría si hubiera un mundo que solo existiera si alguien lo pensase? Penso entonces Rosa Montero un mundo agobiante, controlado por el poder de un estado omnipotente y una religión engarzada por dogmas de hierro. Un país y unos personajes del futuro que quizás estén esperándonos. Sobre las ruinas de la Gran Catastrófe, Agua Fria emprende una larguísima búsqueda para alcanzar la libertad. Para ello debe liberarse del temor y de las tentaciones que le presenta un orden jerarquizado y siempre capaz de provocar nuevos desastres. Iniciada como sacerdotisa del supremo poder, Agua Fria defiende su identidad interior para sobrevivir a las atrocidades y a la disciplina.
