This box set contains four erotic stories about werewolves and the women lucky enough to discover them. If you love werewolves and crave passionate, intense, animalistic sex, then this bundle is for you.

**FINDING HER** Her scent suffuses the air around me, making my wolf howl. The club is packed with humans and their scent is dull, except for the scent of the one I'm looking for. I can't see her, but I hunt her like I hunt my prey in the forest, carefully, persistently, never giving up the trail. In all my years I've never smelled something as delicious as her. A week after catching her boyfriend cheating on her, Violet is in a club with her friends trying to forget about everything. She's made a promise to herself to be off men for the next few weeks. But Violet never anticipates seeing Darien, the sexiest, most animalistic man she's ever laid her eyes on. And Darien is determined to claim Violet tonight. She's the mate he's been searching for all his life.

**THE ALPHAS LUST** Alice Hayes has finally got the blessing of her overprotective parents to camp in the forest with her three best friends: Sophie, Tyler and Joe. She's hoping for four days of freedom from worry and responsibility in the peaceful forest. But the forest isn't as peaceful as Alice thinks. Werewolves roam between the trees, and they have the right to claim any human women whom they capture in the forest. Two opportunistic werewolves have their eyes on Alice and try to claim her, until Vaughn, an alpha male, steps in and claims her for his own. Yet there's something deeper between Alice and Vaughn, some supernatural connection that binds them. But despite his burning desire for Alice, Vaughn won't force her into anything. So will Alice's head rule her heart, or will Alice give in to her instincts and let Vaughn claim her on the forest floor?

**THE WEREWOLF SANCTUARY** Cassandra loves working with animals. She loves that, with hard

work and persistence, you can gain an animals undying love and loyalty, whether it is a dog or lion. She sometimes wishes she could have the best of both worlds a human with an animals love and loyalty. And her wish comes true in the most unbelievable way. Shes offered a job at an animal sanctuary. Her job? To sexually satisfy the werewolves who live there, however they want, whenever they want. Cassandra is used to handling men and animals, but can she withstand the ferocious lust of two werewolves?

**TAKEN BY THE WEREWOLF** After a long day of work at the animal sanctuary, Lucy just wants to go home and slide under her duvet. But as shes leaving, the police arrive with a gigantic, but badly-wounded, wolf that had been hit by a car, and they need Lucy to look after the animal until specialists arrive the next morning. Fascinated by the animal and confident that it will be harmless in the state it is in, Lucy agrees to help the police. But Lucy doesnt know that the injured wolf is actually a werewolf, and that its pack leader, Jason, will stop at nothing to find him and bring him back to the pack. Jason breaks into the animal sanctuary where Lucy, hidden in the shadows, watches the naked man break the wolf free.
