

The Hunt for the Southern Cross Slayer (ThiefTakers Book 2)

A Serial Killer is stalking the big winners at Casinos in Australia. The Victims are horrifically hacked to pieces with a Machete and most of them are decapitated! BUT the worrying thing for the Police is that there is NO forensic evidence at the crime scenes! Even when a Policeman is seen to shoot the Killer the bullets flattened by the impact are found with NO DNA traces or forensic evidence of them hitting anything!! A distressed Police Commissioner calls for help from The Australian Federal Police Force they pass it to The Special Crime and Terrorist Threat Network Top detectives Briny Rayner and Jim Murnaghan are sent to investigate the crimes. This produces a tense Federal v State Police situation and the two detectives are then involved with a storm of vicious gun battles and general mayhem!
