

That Way Madness Lies

A vampire novel linking the origins of vampirism to the fall of the Mayan civilization. The novel is a horror thriller focusing on the tragic fall of a modern day college professor obsessed with growing old. His obsession leads to a gruesome transformation ritual involving the human sacrifice of his virgin bride and ending in his rebirth as a vampire. The murdered brides brother then goes on a violent trail of revenge. William E. Rand has taught creative writing and literature in California, and currently teaches College English in Tampa, Florida.
