

The Waste Land study edition

Those who want to study T. S. Eliot's classic poem *The Waste Land* need the background information from which the poem was written: *From Ritual to Romance*, by Jessie L. Weston, and the *Adonis*, *Attis*, and *Osiris* chapters from *The Golden Bough*, by James G. Frazer. This study edition includes them all--along with English translations of all foreign passages in the poem and its notes. An excellent edition for all students of T. S. Eliot.
