

## Chasing the Wind (The Aurora Trilogy Book 1)

What drives a man to hate his own son, and can that son survive his young adult years without the love of his father? Bobby Barron is a gifted artist and musician who is desperate for his father's love and approval but everything he tries fails. When his bullying father wants him to work for the family Graphic Design business, things come to a head and truths from the past begin to be revealed. When he meets and falls in love with Jodie, he comes in contact with her grandfather, a wise old sage who steers Bobby through many crises, but can he rescue him when violent memories threaten his sanity, or will Bobby be forever chasing the wind? Chasing the Wind is set in the folk music scene at the end of the sixties. It is a story of love and regret, of co-dependency and of breaking free.
