

Miss Herbert (The Suburban Wife)

Eleanor Herbert Brent is a beautiful English woman who believes in respectability and nurtures a desire to be a wife and mother in the dear old fashioned way. But sexuality too forms her personality, and as a young graduate on the loose in London she explores it with every man she meets. She experiences everything: a restless, promiscuous youth, a wholesome suburban marriage, life on the fringes of literary London. Only one thing remains beyond her reach: the experience of real love; this and this only could transform Miss Herbert into the passionate woman she really is.
