

The Brandywine Prophet

Suburban life has turned William Carmel from a drug-fueled creative prodigy to a gentle husband and father. When the voice of God commands him to construct a million-dollar amphitheater on the hill behind his home, the budding prophet obeys and unleashes his dormant madness and savage narcissism on his family and town. From the tragic prologue to the breathtaking climax, the themes of family, faith, and obsession provide an epic backdrop for this fast-paced character study.
