

The Coming Horde - The Complete Volume 1 (Barbarian Empress - Hardcore Erotic-Fantasy)

NOTE: The episodes in this volume are also available separately. Zushka-Tan is the Barbarian Empress - leader of a tribe of warriors whose sex-drives are pumping with the perverse magical energy that permeates their snow-swept, northern homeland. The Barbarian Empress series features hardcore, pansexual-erotica, combining the breathless adventure of fantasy with the hot and heady thrills of your favourite daydreams. If you know exactly what you want, then there are many writers who will methodically cater to your needs. If, however, you want a surprising, break-neck jaunt through all that smut has to offer, then stick with this series, because it will seriously keep you on your toes. In this first volume we are acquainted with Zushka, a horde of horny barbarians, and a rogues gallery of magical, Godly, and deviantly deranged antagonists. The adventures of these first five episodes centre on the first word of an upcoming war between the sorcerously sex-crazed savages of the North and their deadliest rivals. Word Count - 45,675 (a collection of 5 episodic short stories) EXTRA NOTE - When I first uploaded this, it repeated Episode 2 instead of Episode 3. You should now be able to download the proper version. If you have any problems doing that, please email me (see my authors page).
