Content warning: For adults only!
Book One Description Sandy Collins was an attractive but shy girl, a bit over weight by her standard, and a nonexistent love life. She hasn't dated for a long time and she fears she wouldn't find anyone who can show her what romance and passion is all about. Feeling desperate about her situation, Sandy is willing to give everything a try...even a silly spell. But was the spell really silly? Is she ready for its consequences? Book Two Description How can a silly spell make Sandy Collins wish come true? Overnight she has gone from zero attractive to super hot that men have been vying for her attention and she has found a lover she couldn't resist. Is this new life going to make Sandy really happy or will her life be more complicated? Book Three Description Sandy Collins had enough. She wanted everything back to how things were. She swears she'll do anything just to reverse that silly spell she should not have made in the first place. But can Sandy undo things? Will Jeff still love her just as she is and not because of what the spell did to her?
